

-COLEMAN MILNE-

Mercedes E-Class *Hearse and Limousine Range*

– COLEMAN MILNE –

Our Mercedes E-Class vehicles are the embodiment of clean, modern elegance. Built to the highest standards using the finest materials, Mercedes ceremonial vehicles offer an unparalleled specification.

Underpinned by the technical excellence of the Mercedes E-Class range, our vehicles boast innovative features and options to create a range of exquisite funeral vehicles.

E-Class *Classic* Hearse

This classically styled hearse incorporates **luxury and comfort** as standard. A glass roof, spacious deck with high specification LED ambient lighting, two or three bearer option, and four large doors make this a true classic.

The driving experience is equally impressive with electric, height-adjustable heated front seats, climate control and self-levelling suspension for smooth, dignified travel.

Leather upholstery, keyless start and a soft-close tailgate combined with a range of additional features make the E-Class Hearse a **superbly equipped and luxurious vehicle**.

E-Class Limousine

Our Mercedes Limousine is the ultimate in refinement, style and technical excellence. The six-door model is the epitome of **style, comfort and luxury.**

The luxuriously appointed interior is further enhanced with an optional glass roof and electric middle window doors, making this E-Class Limousine an exceptional proposition for funeral directors.

Innovative technology includes high performance LED head and tail lamps, reversing camera, satellite navigation and cruise control for a truly premium funeral vehicle for passengers and drivers alike.

A GLIMPSE OF THE FUTURE

The all new Mercedes Continental is our latest striking vehicle, inspired by European design trends.

EXPERTLY DESIGNED

Art, design and highly sophisticated CAD engineering all contribute to the beautiful flowing lines of the Continental.

E-Class Continental

The all new E-Class Continental has been **expertly designed** by our in-house engineers and draws inspiration from the styling of continental European vehicles.

Innovation abounds in the Continental including automatic climate control, reversing sensors, and satellite navigation.

Cleverly designed to reduce the overall height, while retaining the same deck space and providing useable underdeck storage, the E-Class Continental is **a glimpse of the future.**

All models:

Engine

- E220d – Diesel
- E200 – Petrol

Transmission

- 9G-Tronic plus automatic gearbox
